

ALPHA SIGNS

Alpha Signs is one of Europe's leading companies for illuminated signage and LED lighting. With one of the most modern production facilities in Germany on 22,000 m², trained light planners, designers and constructors, an efficient European-wide assembly network and a multi-language project management team, Alpha Signs is not only capable of carrying out advertising and lighting solutions for individually designed stores, but also cross-national major projects.

Our services for petrol stations:

- development and prototyping
- site surveys
- visualisation
- light planning
- light calculation
- official permits
- financing and leasing
- installation
- maintenance
- cleaning
- location management (LMS)
